

30 faces in 30 days booking:

Hello _____ This is _____. I was calling to actually ask you a big favor. I'm not sure if you knew but I recently joined Mary Kay cosmetics as a skin care and beauty consultant . Part of my training with Mary Kay requires me practicing on 30 faces in 30 days. Is there a possibility that I could borrow your face within the next couple of weeks so I can get my required training completed? Also, if you have any friends or family that would be willing to help me complete my training that would be great! The company allows me to extend some discounts and freebies to you for your help!
