☞ When you wash your face with Mary Kay, you are supporting a company started by a woman named Mary Kay Ash. Mary Kay is a company created by a woman for women! Women who represent Mary Kay are paid what they're worth and not what the job is worth. They are encouraged to keep the priorities of God first, family second, and career third, and do business by the Golden Rule. And we have a 100% satisfaction guarantee!

☞ When you wash your face with Mary Kay, you can be proud of our environmentally friendly company, "PINK DOING GREEN", and that the majority of our products are manufactured right here in the U.S. Our manufacturing plant in Dallas and our 5 distribution centers in the U.S. create 0% landfill. Our compact exchange program has resulted in 400,000 trees being planted and MK has built 13 Nature Explore classrooms around the U.S.

☞ When you wash your face with Mary Kay; you are helping us stop animal testing in China! We were the first cosmetic company in the US to declare a moratorium on animal testing. We were able to do this through in vitro testing in order to make sure we sell a safe product. We pay for these tests here in the US and now we are doing the same in China, so we can show the Chinese government that safe products can be produced without testing on animals. And China is listening!

☞ Did you know that when you wash your face with Mary Kay, there are women and families safe tonight in shelters all across the US, because of the 3 million dollars a year we donate to Domestic Violence Shelters around the country? We also donated over 1.2 million to Cancer research to eradicate cancers that affect women.

In addition, our most recent partnership, called "Love is Respect" is a 24/7 "text for help" hotline where a young woman can text 22522 and find someone on the other end of that hotline to explain what a healthy relationship should look like!

☞ Finally, let's look at the Global spectrum! Did you know when you wash your face with Mary Kay, there are families impacted all across the globe? There are so many stories, but my favorite is one from China. At an event where new National Sales Directors came together, the # 1 NSD in China was asked why she thinks Mary Kay, Inc. is growing so fast in China. Her response with tears streaming was "it's because of the money we make with Mary Kay, we can have more than one child".

That thought is mind blowing isn't it?

☞ Did you know that as women we control 80% of all purchases made in America? That creates a lot of power when we take our consumer dollars and invest them in products, people and companies who align with our priorities and value systems.

I don't know what other cosmetic companies do with their money, but I do know what happens when you choose to wash your face with Mary Kay, Inc. products.
